

## 【Important Notice】 Launch of Interoperable Contactless Payments for Transit Services

Starting Wednesday, March 25, 2026, Odakyu Electric Railway will introduce a post-payment travel service using contactless-enabled credit, debit, and prepaid cards, as well as smartphones linked to these cards. In collaboration with 10 transit operators across the Kanto region, we are creating a new travel environment that allows passengers to transfer seamlessly between different rail lines using just one card. By offering this convenient and seamless experience, we aim to provide a more comfortable journey for all our customers, both from Japan and abroad.

### Service Overview

#### (1) Launch Date and Time for Interoperable Contactless Payments

From the first train on Wednesday, March 25, 2026.

#### (2) Odakyu Electric Railway: Covered Lines and Available Stations

(As of March 25, 2026)

Operator	Covered Lines	Available Stations
Odakyu Electric Railway	All Lines	All Stations
Odakyu Hakone	Hakone Tozan Line	Odawara, Hakone-Yumoto, Tonosawa, Ohiradai, Miyanoshita, Kowakudani, Chokoku-no-Mori, Gora
	Hakone Tozan Cable Car	Gora, Sounzan

**Note:** Services are not available on lines or at stations not listed above. For more details regarding the 10 participating transit operators in the Kanto region, please refer to their respective official websites.

#### (3) How to Use

Simply tap your contactless-enabled credit card (or other compatible devices) on the reader at the automatic ticket gates. You can pass through the gates and travel on the covered lines and stations directly, without having to purchase a ticket in advance.
